INVESTMENT HIGHLIGHTS

OUTSTANDING NW PORTLAND LOCATION

The NW 9th & Davis site is located in Portland's renowned Pearl District, near shopping, the Portland Streetcar and the Brewery Blocks. Several office buildings and employment opportunities surround the site.

OPPORTUNITY ZONE

The NW 9th & Davis site is located within an Opportunity Zone. If an investor qualifies, they may earn tax relief on both the capital gains invested in the funds and those generated through the investment by the fund.

SUPERIOR ACCESS TO TRANSIT

Located a block away from the Portland Streetcar and just three blocks from the MAX Light Rail, the NW 9th & Davis site is connected to the entire Portland Metro area.

FUTURE SUPPLY IS SCARCE

Effective as of February 2017, the City of Portland implemented an Inclusionary Housing Policy, affecting all housing projects with 20 or more dwelling units. Because of this measure, Design Review applications have dramatically decreased, causing Portland's multifamily pipeline to dwindle.

FLEXIBLE ZONING

The Central Commercial (CX) zone is a high-density commercial zone intended for development within Portland's most urban and intense areas. The CX zone allows for intense development with high building coverage and large buildings placed close together. Development is intended to be pedestrian-oriented with a strong emphasis on a safe and attractive streetscape.

The Design Overlay Zone promotes conservation and enhancement of areas with special scenic, architectural or cultural value as well as quality, high-density development adjacent to transit facilities. This is achieved through the creation of design districts and guidelines, community planning projects and by requiring design review or compliance with the Community Design Standards. In addition, this ensures that infill development will be compatible with the neighborhood and enhance the area.

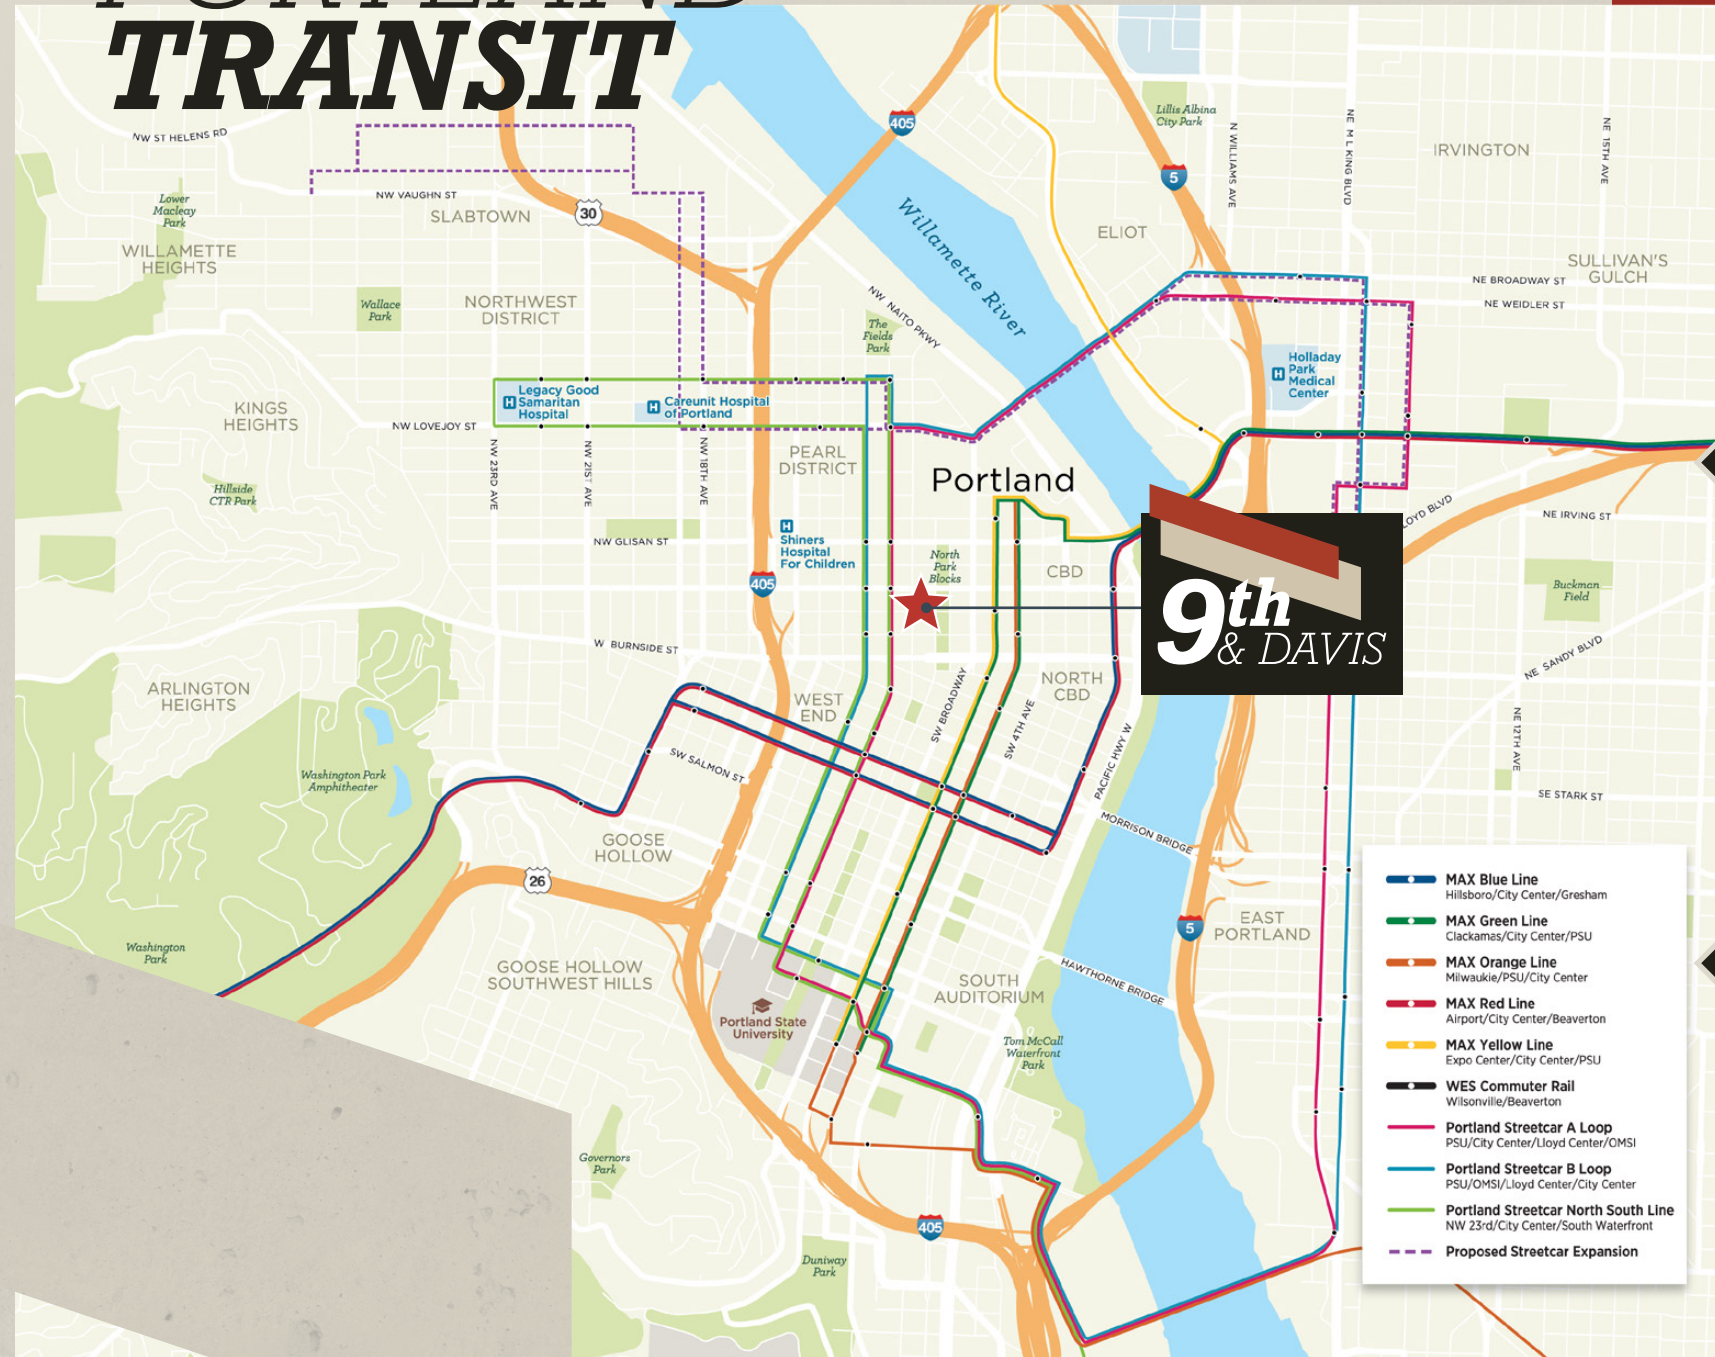

PORTLAND SUBMARKET OVERVIEW

The NW 9th & Davis site is conveniently located in Portland's coveted Pearl District. The Pearl District is characterized by many of the area's greatest restaurants, shops, boutiques and natural amenities. It also boasts exceptional access to public transportation and highways such as the Portland Streetcar and Interstate 405. Evidenced by a Walkscore of 100 and Bikescore of 97, this site is continually improving and perfectly situated for urban living. Local brands and boutiques cover the Pearl District, the preference of longtime residents. As the neighborhood continues to grow with both residents and job opportunities, retailers have followed, opening restaurants and specialties that cater to today's more affluent resident, looking to spend money on experience versus material goods.
